

### **PE AND SPORT PREMIUM SPENDING 2020-21 (Value of Grant £16,570)**

The premium must be used to fund additional and sustainable improvements to the provision of PE and sport, for the benefit of primary-aged pupils to encourage the development of healthy, active lifestyles.

The aims are:

- The engagement of all pupils in regular physical activity.
- Raising the profile of PE and sport across the whole school as a tool for whole school improvement.
- Increased confidence, knowledge and skills of all staff in teaching PE and sport.
- Offer all pupils a broader experience of a range of sports and activities. □ Participation in some competitive sport.

Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil. At the beginning of the academic year we had 57 pupils on roll so the value of our grant is £16,570.

### **Intention of Spending and Reasons**

Many of the pupils at The Link need support with their gross motor skills. The PE and Sports Premium will be used to ensure that these skills are developed in a fun way so that pupils can develop their fitness levels and enjoyment in taking part in physical activities. As a result of the children becoming more active it will help them to regulate their senses and emotions which in turn will enable them to be ready for learning. The improvements will be sustainable through the monitoring of the progress that the children make through our assessment systems and adjustments being made to spending as necessary.
