

Assessment

Link Satellite Site Priorities

- 23 priorities which sit alongside the subjects taught through the 3 pathways.
- These priorities address key areas of development for our students which aim to address lifelong skills that our students will need to access their education and life.
- Subcategories include:
 - Friendships (2)
 - Spiritual development (1)
 - Readiness/learning to learn (2)
 - Communication (2)
 - Waiting (1)
 - Community (2)
 - Emotional development (5)
 - Personal safety (2)
 - Self-help/Healthy lifestyles (5)
 - Sensory processing (1)
- Termly assessment shows the development of students against these areas and priorities. This is a wholistic review of skills within these priorities and not a judgement of the whole priority. Students will be assessed as to whether the development has seen:
 - Skills lost
 - Skills the same
 - New skills learnt
 - New skills learnt and generalized
- SLT will draw from data to define below expected/expected/above expected progress across varying cohorts yearly to give comparative data across site.

IEPS

- All students will have termly IEP (Individual Education Plan) outcomes which have been written to address small steps towards their EHCP (Education Health Care Plan) outcomes.
- These IEPS will be assessed termly as Achieved/Partly achieved/Not achieved
- SLT will draw from data to define below expected/expected/above expected progress across varying cohorts yearly to give comparative data site.

Link Satellite Steps (SOLAR)

- Progress will be seen in %. Students will be assessed termly upon small step progress in English and Maths.

- Students' progress in Science, Computing, Citizenship/PSHE, Creative arts, PE and Humanities will be documented as seen by teachers throughout the terms.
- The Link Satellite Steps outcomes for subjects are drawn from Development matters and National Curriculum outcomes and the levels are named as equivalent to i.e. Equivalent birth-3 years, Equivalent Year 2, Equivalent KS1.
- English is split into 7 sub sections:
 - Reading- comprehension
 - Word reading
 - Spoken Language
 - Writing- comprehension
 - Writing- handwriting
 - Writing- spelling
 - Writing- Vocabulary, grammar, punctuation
- Maths is split into 3 sub sections:
 - Number
 - Geometry
 - Using & Applying
- Science is split into 4 subsections:
 - Biology
 - Chemistry
 - Physics
 - Scientific Enquiry
- SLT will draw from data to define below expected/expected/above expected progress across varying cohorts yearly to give comparative data across site.
